“ Dear Jackie, I am so sorry for your loss of Bill. Please express my condolences to your kids also. It seems like only yesterday that we lived across the street from you on Long Street and I was babysitting! I will never forget the day I stopped by your place in 1972 on my way from Winchester, VA (where I had visited my Mom and Dad) to Huntington, WV, where I was going to visit my brother Dave. You gave me dinner and wine and we had a wonderful visit. Also, I will never forget that you came to my Dad's funeral, not too long after you had moved to the Villages. Peace be with you and your family. Nancy Hirzel

“ Dear Jackie, So sorry to hear, and don't know any words that could make you feel better. Only know that I think of you often, and the kindness of you, Bill and the rest of the gang that was always there for myself, mom and my sister. I like to remember that day in the hospital when my mom was having heart surgery. You, Jean and I sitting there and the doctor calling us sisters. I couldn't ask for better ones. My dad has got to be getting all excited, his buddy is coming. He always said that Bill and He would end up together, although he figured Bill would be cooking and he would do the cleaning and it would be at the Villages. You have a wonderful family and lots of friends who will be there for you, and on Monday I will say an extra prayer for all of you. Although we are far away in miles, we are close in thoughts, and our hearts. My love to you and your family. Davene
