“ Dear folks, I Just recieved the news of Bill's passing. I'm honored to have him in my life growing up. He and Ethel were very infuentual to me. I felt that they treated as I were one of their' own. A flood of memories are coming back to me now. The first boat ride on the lake with nancy and her husband and Bill hit some huge under water rock by Higgins Bay, (I thought that I was gonna die!) The red Ford pick up. The ride to lthica to the terminal with the rig and Annie the Black Dog. They were the first people I stopped in to see at Piseco while on leave from the Army. He talked me out of a lot of spankings from my Grandma!!! I.ll miss him bad. Randy Williams
