“ Dorothy, So sorry for your loss. I worked with Bill when I started at the CT. General Assembly. Like Becky Fede, Bill also took me under his wing and with patience and knowledge he taught me all that I needed to know to successfully transition into his role as database administrator when he retired. Without his guidance, I would not be in the position I'm in today. I will be forever grateful. Dave Listro

“ Dorothy, I am so sorry for your loss. I know that Bill is in a better place. He was always such a smart, caring, peaceful man. I enjoyed working with him at both Digital and the State of CT. Bill was always supportive of me and took me under his wing many times teaching me not only about networks and computers but life itself. He was a great man and my life was richer knowing him. Please take care of yourself and know that you are in my thoughts and prayers. Love always, Becky Fede CT General Assembly

“ *Dorothy, I am so sorry for your loss. Bill had a tremendous personal and professional impact on my and so many others lives. I always thought of Bill as my second father and you both as family. I witnessed the respect he commanded from people he worked with and for. Bill was a "go to guy" and could always be counted on to mitigate any issue no matter how complex, technical or emotional a situation could become. I am proud to have known him, he will be sorely missed. Kindest regards, Frank Lacapra*
