“ *I got the great honor to know Mrs. Groves and her son James and Opal. I was saddened and shocked by the news of her passing. She was my little spitfire. I loved her Dearly and will miss getting her cotton from Ga. every year. Also I will miss her stories and always her telling me by reading my palm that great things were coming my way. I miss seeing her ever time I go to work and miss getting her a Pepsi. Love and prayers to all.*
